**S. Oxfordshire Archaeological Group**

**Bulletin No 4 June 1970**

Eleven people were present on May 22nd, and 19 more would have liked to be so we are about 30 strong!

The name was amended as above.

A sub of 2/6 per person was suggested and agreed, to cover postage etc. and many have already paid. A register of members and subs will be kept.

A logbook (donated by Mr Bryce Smith) will be kept of our activities and findings.

**Activities**

To start us off we have accepted the invite of the Director Miss Cook, to visit the Ox City and Co. Mus, Fletchers Hse Woodstock on either Sat or Sun the 7th or 8th. Please phone Mrs GK at once (Pang 2906) as places are limited, if you would like to come.

We hope to do Field Records of (mostly) prehistoric sites, making diagrams, plans, photos etc for which cards and some equipment will be supplied by the museum. This is useful and necessary work and we have the museums blessing if we undertake it.

A winter occupation suggested itself in helping the vicar if Kid End writing a book of local history he has lying about unfinished.

A short report of the meeting has gone to the E Post – watch “People and Places”.

We can do with any large scale maps of S. Ox. to look for sites etc.

Remember the June 7 or 8 afternoons probably.

Next meeting, July 10, 7.45 at HC (?)

W.H.
